<http://www.myspace.com/greatwhitesharkvictoria>

The story of Great White Shark is the story of underground music. We dont have the money for expensive recordings, fukc it. Everything is recorded simply, in our basement. All of us in the band have overcome something in our lives to be here. We make music from our hearts. This is not pop crap. If you want to hear something real. Have a listen.

Peace and Love Roots Fans Everywhere.

GWS
