
Please help finding song!

Hey guys i'm looking for a song and need your help.

I don't have too much information on it but i'm sure it's popular enough that someone here should know..

I heard it during the summer of 2008 (May)in Belize at a bar everyday.. I also heard it Peru on hostels computer so i have hope that it's well known.

It was played back to back with Tarrus Riley - She's Royal nearly everyday and has the same kind of vibe

The only lyrics i have are "it's totally rasta"

I have found other songs with the same amount of lyrics through google but this turns up nothing..

buck all, buck all it's totally rasta....??? something like that

Any help will be appreciated

thanks
